Mark one box only for each question

Strongly Disagree	Disagree	Agree	Strongly Agree
----------------------	----------	-------	-------------------

Do you share our values?

If I am late for work this only affects my team.

If someone wants to do an activity which is outside my normal working hours then it is my job to make that happen.

Are you caring?

Sometimes you might be too busy to pass the time of day with someone we support

If someone has bugs in their room and chooses not to clean we can't do anything about this.

Do you communicate well?

People I may be supporting are vulnerable and may need me to speak up if they are at risk of harm.

It does not matter if I have poor handwriting when I write about the people we support.

Are you responsible?

We need to protect people from themselves and others even if that means there are things they can't do.

If someone discusses an incident of abuse but tells me in confidence I cannot tell anyone else.

Are you able?

Yes

No

With training I am able to support people with their movement (e.g. wheelchairs, hoists).

Some people we support are very active. I will be able to support them with their interests including sports.

Some people have needs which means I will be able to learn and use techniques to keep everyone safe.

Some people may find going out difficult and I will be able to encourage and enable this to happen regardless of the weather or time.

I will be able to support people with personal care needs, including bathing and using the toilet and can do this with dignity and respect.

11 - What happens next?

Please complete this form and return to recruitment@wspld.org along with any additional information.

You will not normally be called for an interview if you have not completed an application form and demonstrated your suitability for work at the Society. If you have attended an open day you must complete an application form after the open day if you have not already done so.

If we decide to offer you work at the Society we will offer it subject to a number of conditions and checks. You must meet all these conditions and pass our compliance checks to have your offer confirmed. Some of these are legal requirements, others are to confirm that you are honest, can be trusted to work with vulnerable adults, have the capability to do the work and that you are committed to our values.

Our compliance checks can take some time, so we ask you to:

- Provide accurate and timely information
- Respond quickly and constructively to requests for clarification or further information
- Contact your referees to let them know that they will be receiving a reference request and ask them to respond quickly.

If you do not we may withdraw any offer of employment.

Full employment history

If you have applied to work with adults you will have to provide a full employment history (including any gaps) for the period since you left full time education, including the reason for leaving any related employment.

Satisfactory references

We will need to get references covering:

- Your current or most recent employment
- Previous employers to cover the last 3 years
- Employers more than 3 years ago if you worked in adult social care
- A character referee if you cannot provide employment references for the last 3 years.

Where you have undertaken related work we will need to establish evidence of good conduct in that work.

You must provide a professional email address for your referees; gmail, hotmail and similar addresses cannot be used.

Disclosure and Barring Services (DBS) criminal record check

We will obtain an enhanced DBS check for all successful candidates. If you are not a member of the DBS update service you will need to join it.

Identity and right to work in the UK

You must provide documentary evidence of who you are and that you can legally do the work on offer – you will need to bring your documents to our Head Office.

Fitness to work

We must be satisfied that you are fit enough to do the work offered – you will need to complete a health form that will be reviewed by our occupational health service.

Adjustments

If you pass our fitness requirement and tell us about a disability, impairment or health condition that affects your ability to do your role we may be able to make reasonable adjustments to make a work offer viable or to reduce barriers. Adjustments may be made if they are practical, affordable, not unreasonably disruptive and the remaining job is still a viable role.

If any of these checks are completed not to the Society's satisfaction or within a reasonable timescale any offer of employment will be withdrawn.
